OUR ACADEMIC METHODOLOGY

CLEAR LEARNING TARGETS

Your lessons will include clear and concise learning outcomes that provide you with a "road map" for progress and success. At the end of each week, you will have the opportunity to assess and evaluate what you have achieved and set new class goals for the following week.

COMMUNICATIVE

Our lessons focus on language patterns and structures while remaining interactive and purposeful. Our teachers encourage student-to-student interaction through a variety of pair work, small-group activities, role-plays, and mingling exercises. By working with other learners, you will develop the skills needed to produce longer and more complex sentences with greater accuracy and fluency.

PERSONALISED FEEDBACK

We believe that providing regular feedback is a very important part of your learning journey. Each week, our teachers share their feedback on your progress and offer advice on how you can improve even more quickly through our tutorial support system.You can also make an appointment with our Learning Coordinator, who can help you design an Individual Learning Plan tailored to your specific needs.

ASSESSMENT AND GUIDED PROGRESS

Your performance is monitored and assessed by your teachers and the academic team to ensure that you stay on track with your learning goals. We also conduct regular weekly progress tests that focus on both your language knowledge and your practical skills.

LANGUAGE CLUB

The Atlas Language Club is a teacher-supervised session for students who would like additional study support. With the guidance of a senior teacher, you can work individually or in small groups to review key grammar and vocabulary, or to get help with your homework.

In addition to support during the session, students may also be given optional "homework missions" to complete outside school hours, providing further opportunities to practise and improve at their own pace.

TUTORIALS

At the end of your first week, you will have a **Week One Tutorial** with a member of the Atlas team. This is your opportunity to give us initial feedback on your classes and all other aspects of our services. We want to make sure, from the very beginning, that you are settling in well and are happy with your experience.

For additional academic support, you can schedule a progress tutorial with your teacher every four to six weeks or arrange an appointment through our Language Club to discuss and design an Individual Learning Plan tailored to your needs.

LEVEL PROGRESSION

For evaluation, we use the widely recognised CEFR (Common European Framework of Reference for Languages) scale. CEFR English levels are used by modern English-language coursebooks, schools, and institutions around the world. We recommend using CEFR levels on job applications and CVs, including Europass CVs, as well as in other references to your English-language ability.
The five General English Fluency levels we offer each term are:

A1: Elementary | A2: Pre-Intermediate | B1: Intermediate | B2: Upper-Intermediate | C1: Advanced

It'sthe first time I have travelled to Ireland and taken part in the Atlas Junior Programme. It's so much fun and I'm looking forward to coming back as soon as possible. I love the English classes, trips to Dublin and all the other activities, because you make contact with a lot of people from different countries and cultures, and have so much fun. You don't even realise that you are improving your English skills!

Each year we send students to countries and cities all around the world. I can honestly say that Atlas are one of the very best schools we have ever worked with. The staff are incredibly professional and a pleasure to deal with while the academic programme, standard of accommodation and level of service is of the very highest quality. w e have sent students to Atlas for over 10 years and during that time they have become one of our biggest partners - I really can't recommend them enough!

The classes are based on different activities which encourage students to talk. the teachers are kind and willing to help, even the weakest students - nobody's left out. can't wait to go back to atlas next summer with a group (some of the students who have come this year want to come again next year, so it's a good sign and the best publicity you can get!) I would highly recommend Atlas for junior students who want to improve their English having fun!

Atlas is an amazing school with great teachers that will help you achieve fluency while having fun through well-prepared classes and carefully planned activities.
